

SaveCo Solar Turnkey* EV Charging Stations Powered By AUTEL EV Charge Equipment

	<p>MAXICHARGER™</p> <h2>AC ULTRA</h2> <p>LEVEL 2</p> <p>FAST & EFFICIENT CREATE AN EXCEPTIONAL CHARGING EXPERIENCE</p> <p>At 19.2kW per port, this charger leads the industry by fast charging 2 vehicles simultaneously and generates 75 miles of range within 60 min Design with ISO 15118 Plug & Charge for a hassle-free charging experience</p>	<p>COMPACT DESIGN OPTIMIZED FOR ANY LOCATION</p> <p>Ultra compact with big DC power in a small package compared to other DC chargers, dC Compact has the lowest installation costs, meaning a faster ROI due to reduced capital savings for the site operator</p> <p>BEST-VALUE DESIGN TAILORED FOR COMMERCIAL DEPLOYMENT</p> <p>The rugged design can be wall-mounted or floor-mounted One-piece construction makes it easy to install resulting in a lower costs of total owner and a faster ROI</p>	<p>DIMENSIONS</p> <p>Charger Only Without Pedestal WIDTH: 12.60" (320mm) HEIGHT: 24.60" (625mm) DEPTH: 6.70" (170mm)</p> <p>Charger With Pedestal WIDTH: 14.17" (360mm) HEIGHT: 108" (2743mm) DEPTH: 11.29" (287mm)</p>
	<p>MAXICHARGER AC ULTRA 19.2KW - DUAL CHARGERS</p> <p>25' Charging Cables</p> <p>9' Pedestal</p>	<p>CCSI, CCS2, & CHAdeMo Compatible</p> <p>Turnkey Advertising Revenue Compatible</p> <p>AUTEL Pro Cloud Plan</p>	<p>8-inch HD Advertising Screen</p> <p>Phone App, Billing, and Pay by Mobile App, FRID Card, or Credit Card</p> <p>AUTEL Standard Warranty Extended to 5 years (Parts Only)</p>

	<p>MAXICHARGER™</p> <h2>DC COMPACT</h2> <p>LEVEL 3</p> <p>FAST & EFFECTIVE BUILT TO INCREASE CHARGING EFFICIENCY</p> <p>Dual-ports provide up to 40kW of power vehicles simultaneously A 30 min charge equates to 80+miles of range</p>	<p>SMART CHARGING FUTURE-PROOF & FLEXIBLE TO IMPROVE YOUR BOTTOM-LINE</p> <p>Smart functionality with OCPP 1.6 and 2.0.1 compliant, can adapt its power usage and provide optimal charging today and into the future Reduce capital investment of power capacity and operating expense of demand charge</p> <p>SMART ADVERTISING COMMUNICATION PLATFORM IMPROVE YOUR ROI</p> <p>Charge 2 User-friendly 21.5-inch LCD touch screen Powered by Smart Operating system, Android 10 with enhanced advertising placement Communicate, promote, or attract customers generating a new revenue stream</p>	<p>DIMENSIONS</p> <p>Charger Only Without Pedestal or Trolley WIDTH: 21.65" (550mm) HEIGHT: 39.37" (1000mm) DEPTH: 10.23" (260mm)</p>
	<p>CHARGERS</p> <p>25' Charging Cables</p> <p>Pedestal/Trolley</p>	<p>CCSI, CCS2, & CHAdeMo Compatible</p> <p>Turnkey Advertising Revenue Compatible</p> <p>AUTEL Cloud Pro Plan</p>	<p>21.5-Inch LCD Screen</p> <p>Phone App, Billing, and Pay (APP, FRID Card, Credit Card, Mobile App)</p> <p>AUTEL 5-Year Pro Care Plus Warranty</p>

	<p>MAXICHARGER™</p> <h2>DC FAST</h2> <p>LEVEL 3</p> <p>When you need power now, this future-ready innovative design ers up to 240kW and is perfect for fleet applications and highway service centers. Faster charging means less time waiting and an enhanced user experience. The MaxiCharger DC Fast is the unrivaled EV charger solution for people and business where time is the most valuable.</p>	<p>SMART CHARGING FUTURE-PROOF & FLEXIBLE TO IMPROVE YOUR BOTTOM-LINE</p> <p>Smart functionality with OCPP 1.6 and 2.0.1 compliant, can adapt its power usage and provide optimal charging today and into the future Reduce capital investment of power capacity and operating expense of demand charge</p> <p>HIGHLY RELIABLE CHARGE WITHOUT WORRIES</p> <p>Continued software development for new vehicle compatibility Compatible with all vehicles of IEC standards Charging success rate higher than industry average</p>	<p>DIMENSIONS (SMALL CABINET)</p> <p>60KW/120KW WIDTH: 32.28" (820mm) HEIGHT: 76.77" (1950mm) DEPTH: 23.62" (600mm)</p>
	<p>SMART ADVERTISING COMMUNICATION PORTAL IMPROVE YOUR ROI</p> <p>Displays charging-related info including; State of Charge (SOC), Cost, and kWh Offer an additional channel to boost revenue with the display of advertisements Communicate, promote or attract customers generating new revenue streams</p> <p>POWERFUL CHARGE FASTER AND MORE EFFICIENTLY</p> <p>Dual ports provide up to 240 kW of fast charging Provides up to 125 miles of range in 10min 400A output Charging speed improved by up to 30%</p> <p>DIMENSIONS (LARGE CABINET)</p> <p>60KW/240KW WIDTH: 32.28" (820mm) HEIGHT: 76.77" (1950mm) DEPTH: 27.55" (700mm)</p>	<p>MAXICHARGER DC FAST 60KW-240KW DUAL CHARGERS</p> <p>25' Charging Cables</p> <p>Small or Big Cabinet</p>	<p>CCSI, CCS2, & CHAdeMo Compatible</p> <p>Turnkey Advertising Revenue Compatible</p> <p>AUTEL Pro Cloud Plan</p>

MAXICHARGER AC ULTRA 19.2KW - LEVEL 2
Level 2 Charging

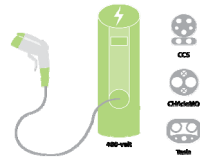

Level 2 charging is considerably faster, but requires installing a charging station, also known as electric vehicle supply equipment (EVSE). EVSE requires a dedicated 240-volt or 208-volt electrical circuit, similar to what is required for a clothes dryer or electric range. Level 2 is found at many public and workplace charging stations, but also in many homes. It uses the same standard connector as Level 1 charging, meaning any EV can plug in at any Level 2 charger.

Level 2 charging uses a standard J1772 or Tesla connector that can plug into any EV, either directly or through an adapter.

Depending on battery type, charger configuration and circuit capacity, Level 2 charging adds about 14 = 35 miles of range per hour of charging time.

MAXICHARGER DC FAST 60KW-240KW DUAL CHARGERS - LEVEL 3

DC fast charging, also called quick charging or supercharging, provides the fastest available fill-up. It requires a 480-volt connection, making DC fast charging unsuitable for home use, and not every EV model is equipped for it. Stations offering DC fast charging are found in shopping centers and often along major travel corridors, allowing EV drivers to charge up quickly and take longer trips.

DC fast charging uses CHAdeMo, CCS or Tesla connector systems. Check with your vehicle manufacturer to determine if your car has fast charging capability and what connector systems are compatible with your EV.

MAXICHARGER™ CHARGEAPP

SMART CHARGING FROM YOUR SMART DEVICE

The Autel Mobile Charge App, makes monitoring your charging process is quicker and more convenient than ever. At the tap of a finger, you can track, manage and optimize your EV charging at any time.

Optimize your charging routine to complement your lifestyle. Start, stop or schedule charging using remote access, straight from your smart device.

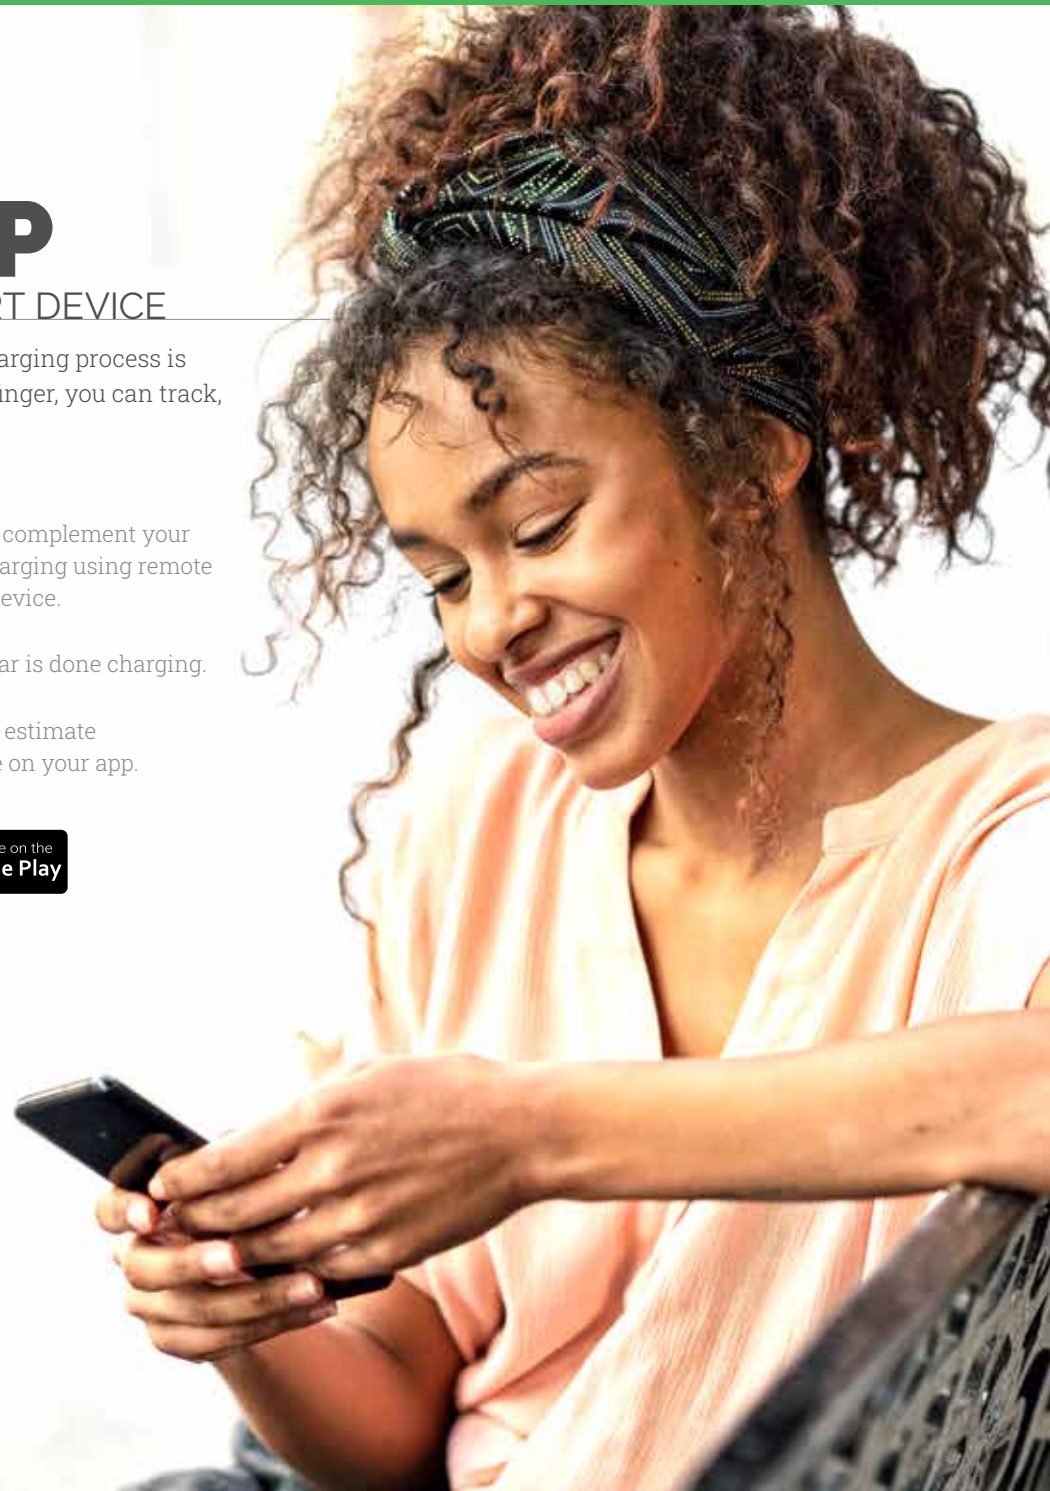

Receive notifications when your car is done charging.

Track your energy consumption & estimate your utility costs, easily accessible on your app.

Available At

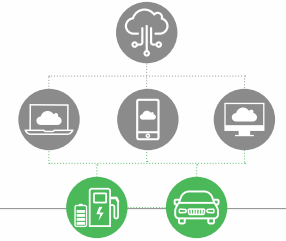

AUTEL®

CHARGE CLOUD

VISUALIZE, MONETIZE & OPTIMIZE YOUR CHARGING NETWORK

Get complete control and visibility on your network with the Autel Charge Cloud. The only all-in-one charging cloud on the market, giving you control of operations, maintenance and advertising management, reducing your O&M costs as well as increases revenue through innovative advertising.

INTELLIGENT OPERATION EFFORTLESSLY MANAGE & OPTIMIZE CHARGING OPERATIONS

- Set prices designated by driver type, session length, energy cost and time of use
- Big data and AI-driven algorithms enable smart pricing and marketing strategy
- Real-time tracking of all charger activity by user, location, and timeframe

CLOUD BASED SMART CHARGING ADVANCED CHARGING MANAGEMENT

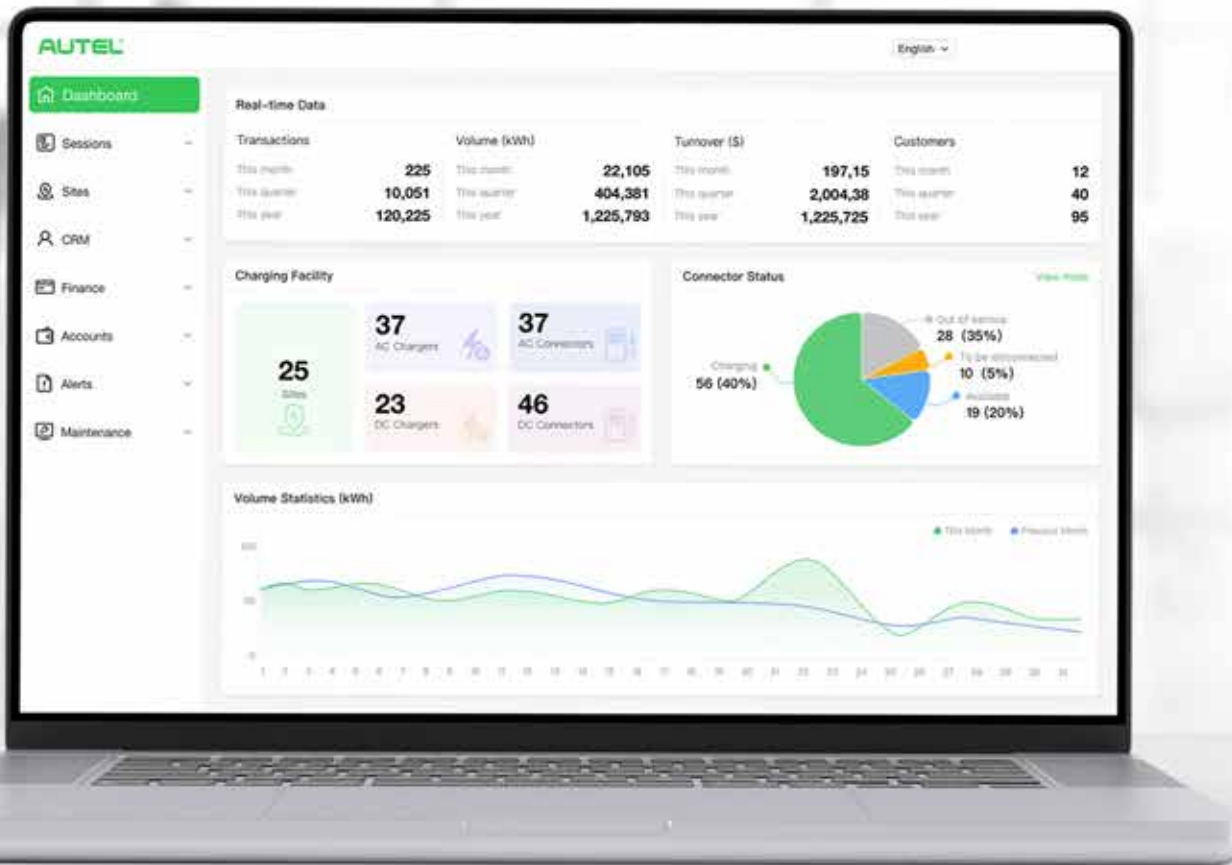

- In real time dynamically balance energy to reduce electricity costs
- Set and automatically adjust charging current by pre-setting energy demand requirements and price thresholds
- Smart charging prioritization according to vehicle State of Charge and scheduling

REMOTE MAINTENANCE MONITORING ROBUST & RELIABLE MAINTENANCE SYSTEM

- Remote diagnosis and troubleshooting
- Reduce repair time and minimize operational costs

SMART ADVERTISING & COMMUNICATION PORTAL IMPROVE YOUR ROI & BOTTOM-LINE

- Easily access to global media assets and resources
- Conveniently localize community advertisement, promotion and communication
- Use advertising to diversify revenue

ICON LEGEND

WHO WE ARE

BY THE NUMBERS

New, smart, efficient energy is a fast-growing social development that has resonated throughout the global community in the past several years. This movement is organically aligned with Autel's product line evolution. We intend to become thought leaders of the industry with innovative platform solutions, while setting the benchmark of excellence for products, service and customer care.

Over the past two decades, Autel (a name born by combining "Automotive" and "Intelligence"), has revolutionized the automotive service and repair business across the globe. We were able to accomplish this feat by acquiring the best and brightest talent to develop intelligent hardware, software, and cloud-based back-end solutions.

We are now set to use the assets we've harnessed to tackle one of the greatest challenges facing our planet today - setting a smarter, greener path for generations to come.

With these resources fully committed to this mission, we will lead the global community in *Powering the Planet*. We are creating a viable and reliable ecosystem of charging solutions that will help promote the integration of electric vehicles in our daily lives, all while managing energy in our homes, businesses and communities.

Autel is building this through the development of smart charging, storage and renewable energy solutions that work in concert to improve our infrastructure, balance power and access micro grids to effectively impact and efficiently deploy energy where we need it, when we need it, and how we need it!

AUTEL FOUNDED

COMPANY TIMELINE

SaveCo Solar Turnkey EV Charging Stations Package Pricing*

DESCRIPTION	QTY OF CHARGERS	PRICE PER CHARGER	TOTAL TURNKEY	ESTIMATED MILES PER CHARGE TIME
-------------	-----------------	-------------------	---------------	---------------------------------

MAXICHARGER DUAL ACULTRA 19.2KW				
Complete turnkey* system	2	\$ 11,000.00	\$ 22,000.00	100 minutes charge equates to 125+ miles of range

MAXICHARGER DUAL DC COMPACT 40KW				
Complete basic turnkey system wall mounted	2	\$ 26,500.00	\$ 53,000.00	70 minutes charge equates to 125+ miles of range
Complete basic turnkey system trolley mounted	2	\$ 27,000.00	\$ 54,000.00	70 minutes charge equates to 125+ miles of range
Complete basic turnkey system pedestal mounted	2	\$ 27,500.00	\$ 55,000.00	70 minutes charge equates to 125+ miles of range

MAXICHARGER DUAL DC FAST SMALL CABINET 60KW-120KW				
MaxiCharger 60kW DC Fast (CCS1 cable)	2	\$ 36,500.00	\$ 73,000.00	57 minutes charge equates to 125+ miles of range
MaxiCharger 80kW DC Fast (CCS1 cable)	2	\$ 40,000.00	\$ 80,000.00	43 minutes charge equates to 125+ miles of range
MaxiCharger 100kW DC Fast (CCS1 cable)	2	\$ 43,500.00	\$ 87,000.00	34 minutes charge equates to 125+ miles of range
MaxiCharger 120kW DC Fast (CCS1 cable)	2	\$ 47,000.00	\$ 94,000.00	29 minutes charge equates to 125+ miles of range

MAXICHARGER DUAL DC FAST LARGE CABINET 60KW-240KW				
MaxiCharger 60kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 49,000.00	\$ 98,000.00	40 minutes charge equates to 125+ miles of range
MaxiCharger 80kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 52,000.00	\$ 104,000.00	30 minutes charge equates to 125+ miles of range
MaxiCharger 100kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 55,000.00	\$ 110,000.00	24 minutes charge equates to 125+ miles of range
MaxiCharger 120kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 58,000.00	\$ 116,000.00	20 minutes charge equates to 125+ miles of range
MaxiCharger 140kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 61,000.00	\$ 122,000.00	17 minutes charge equates to 125+ miles of range
MaxiCharger 160kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 64,000.00	\$ 128,000.00	15 minutes charge equates to 125+ miles of range
MaxiCharger 180kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 67,000.00	\$ 134,000.00	13 minutes charge equates to 125+ miles of range
MaxiCharger 200kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 70,000.00	\$ 140,000.00	12 minutes charge equates to 125+ miles of range
MaxiCharger 220kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 73,000.00	\$ 146,000.00	11 minutes charge equates to 125+ miles of range
MaxiCharger 240kW DC Fast (Boost cable - improves charging speed up to 30%)	2	\$ 76,000.00	\$ 152,000.00	10 minutes charge equates to 125+ miles of range

TURNKEY PACKAGE PRICES ARE BASED ON THE FOLLOWING ASSUMPTIONS	OPTIONS	UNIT	PRICE PER UNIT
The main service panel (MSP) is located within 15' of the chargers	Bollards	Each	\$350.00
The MSP has sufficient power and breaker space for the system	Wheel stop	Each	\$250.00
The electrical conduit between the MSP and the chargers will be surface-mounted	Parking stall striping lines	Per stall	\$250.00
	Parking stall striping ADA compliant	Per stall	\$500.00

INCLUDED IN ALL TURNKEY PACKAGES	EXCLUDED FROM BASIC TURNKEY PACKAGES PRICING
System design, layout and plans	Trenching, underground conduit, backfill, and repair of landscape
Engineering	Main electric service panel upgrade (MPU) (if required)
Construction permits	EV striping, ADA accomodations, bollards, wheel stops and signage
Equipment package selected including delivery	Additional requirements from the construction permit authority having jurisdiction (AHJ)
Installation by an Autel Certified Installer	Additional requirements from the utility company to obtain PTO
Application preparation for permission to operate (PTO) with the utility company	
System commissioning and startup	

AUTEL SAAS 5-YEAR PLAN (INCLUDED IN ALL DC CHARGER CONTRACTS)**	AUTEL FULL SERVICE ADVERTISING PACKAGE (INCLUDED IN ALL CONTRACTS)**
Autel Pro Cloud Plan	Screen programming for Ad displays
Transaction management, flexible billing and pricing options	Programmatic Ad revenue service provided by SaveCo
Invoicing	Upload your custom Advertising to promote your business and specials
Sales and VAT management and reports	Contract directly with advertising to increase your ad revenue
Credit card processing and merchant fees	Advertising analytics
Autel Mobile App (OCPP 1.6 or 2.01 compliant)	Unlimited Ad streaming and uploads
Inclusion in the Autel Network and App Map	Up to 20gb ad data, pictures, and vidoes stored in the cloud
Energy management system for load balancing and TOU with Smart Meter	
Charging Station Management System (CSMS) for DC chargers stations	
Unlimited chargers	

*Turnkey Package Pricing is based on the customer agreeing to the terms of SaveCo and Autel contractual documents

**Pricing is included in SaveCo Solar and Autel's contractual documents
